Measure: SB1583

You already have the law: "ORS 659.850

Discrimination in education prohibited:

(A)

"Discrimination" means any act that unreasonably differentiates treatment, intended or unintended, or any act that is fair in form but discriminatory in operation, either of which is based on race, color, religion, sex, sexual orientation, gender identity, national origin, marital status, age or disability."

In this SB 1683 bill is the wording: "...textbooks or instructional materials include a perspective, study or story of, or are created by, any individual or group against whom discrimination is prohibited."

That wording would mean Dr. Kermit Gosnell could write a textbook on how he dismembered and killed full term alive babies at his clinic in Philadelphia and a school board couldn't reject his textbook because Gosnell is Black, thus he'd be a protected individual.

It would mean NAMBLA could write a history book on what they did to children and their slogan, "Sex before 8 or it's too late." Since they're gay they are a protected class, a school board couldn't prohibit.

The reason this bill comes about is as a result of a single book, the only book I saw at library and school board meetings, the graphic book showing boys giving other boys blow jobs. No Black, Hispanic, Asian, Native American parent showed up at those meetings saying they aren't represented in textbooks or library books. Only folks who want the blowjob and anal graphic sex books to be available to kids. If my analysis is incorrect than amend it to read, "Textbooks or library books containing graphic sex images of children and youth performing such acts on each other or adults is prohibited."

We got Kinsey, Babylon, Sodom and Gomorrah, Nero, Caligula going on as you pass such bills, including HB 2002 in June 2023. You literally gave immunity to such Doctors as Gosnell who killed healthy full term babies, and Josef Mengele who killed and did mutilation experiments on children, and now you want us to believe this bill is a protection of children? Those of us who still know how to diagram a sentence see what you are doing. Which of those 50 attorneys behind that locked door in the Capitol drafted this bill for you?

And you call for emergency passage of this. We see what you're doing. Luke 8:17 " For there is nothing hidden that will not be disclosed, and nothing concealed that will not be known or brought out into the open."

Vote no on this bill or amend it using my suggestion.
