On Behalf Of: Mr Oregon Opposes SB 1501

Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction

Measure: SB1501

i OPPOSE [SB 1501].

[SB 1501] should be "Two" separate pieces of Legislation.

First, the creation of the "Long-Term Rent Assistance FUND" is another segment of the welfare state that uniquely characterizes the communist bent of the Oregon Legislature.

Some of the "bloody funding details" of [SB 1501] can be visualized in [SB 5701] but, what is more damning is the "Open Door" to perpetual GENERAL FUND appropriations.

Second:

Note, "...The Private Security Entity Account is established in the State Treasury, separate and distinct from the General Fund." Yet, moneys destined for the "Private Security Entity Account" go into the GENERAL FUND. The monies are "credited" into the "Private Security Entity Account." Will there be an "administration fee?" Will GENERAL FUND money be allocated to the "Private Security Entity Account?"

Review [SB 5702]:

Review the squeeze of funds from the Private Security Entities.

The requirements of "Private Security Entities" set forth in [SB 1501] are long overdue but lack an Amendment to include vetting by the Oregon State Police (with cost recovery) and DNA samples to be taken and entered into the nation's database.
