

Submitter: Stacy Karth  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure: HB4130

Hi,

Thank you for taking the time to read my testimony. The federal government has already identified non-compete clauses as un-American and as a threat to the labor market. Supporting this bill fosters healthy competition in the healthcare sector.

Oregonians should have a choice in their healthcare providers. Providers should have a choice in where they want to raise a family.
