

Submitter: Melissa East
On Behalf Of: Peter Karth
Committee: Senate Committee On Rules
Measure: HB4130

I implore you to support HB4130 so that all of us in Eugene have local access to specialist doctors like Peter Karth. Presently, I need to schedule close to two hours out of my day just to travel to Salem - the closest office available to me. A non-compete agreement just shouldn't be a 'thing' when it comes to health care. Patients in a sizable city like Eugene deserve local accessibility to quality specialists like Peter Karth.
