On Behalf Of:
Committee: Senate Committee On Rules
Measure: HB4024

Dear members of the Senate Rules Committee,

With HB4024-8, you now have the privilege of voting yes on a historic piece of legislation. This bill is the culmination of years, even decades, of work by good government groups who were joined in their efforts this year by business and labor organizations and legislators who refused to give up on reforming campaign finance.

Most agree this is not a perfect solution to funding elections and providing transparency on the flow of dark money. But it is a great beginning. I ask you to vote YES on HB4024-8.

Thank you for your service to the State of Oregon.
