Public Hearing

HB 2066

Directs the Public Utility Commission to establish a regulatory framework to allow the ownership, deployment and use of microgrids and community microgrids.

HB 2064

Requires the Public Utility Commission to take certain actions to support the operations of microgrids and community microgrids.

HB 2065

Allows a person to contract with a third-party consultant to conduct a study or engineering evaluation that a public utility requires for an application to interconnect a community renewable energy project or microgrid.
