No amendment.

BACKGROUND:

2013, the Oregon Legislative Assembly enacted Senate Bill 830 establishing the Columbia River Fisheries Enhancement Fund to enhance fisheries, optimize the economic benefits of fisheries, and advance native fish conservation related to Columbia River fish management and reform. The legislation also authorized the Fish and Wildlife Commission to set a fee for a recreational fishing endorsement not to exceed \$9.75 per annual license or \$1 for a daily license to fish for salmon, steelhead, and sturgeon in the Columbia Basin; an endorsement is required in addition to other required angling and license tags. The Fund and related fees are set to sunset on January 2, 2026.
