

Light Vehicle Tax Comparison Across Seven Western States

Daniel Porter

ODOT – Finance and Budget

Light Vehicle Tax Comparison Study

- Analysis looks at costs across multiple states from the perspective if Oregon were to adopt another state's vehicle taxing programs
- Specifically estimates:
 - Fuels Taxes (state and local)
 - Registration fees
 - Ad Valorem Taxes (vehicle property tax)
 - Vehicle Sales Taxes
 - Title and related fees
- Assumes average light vehicle information, Oregon specific where possible

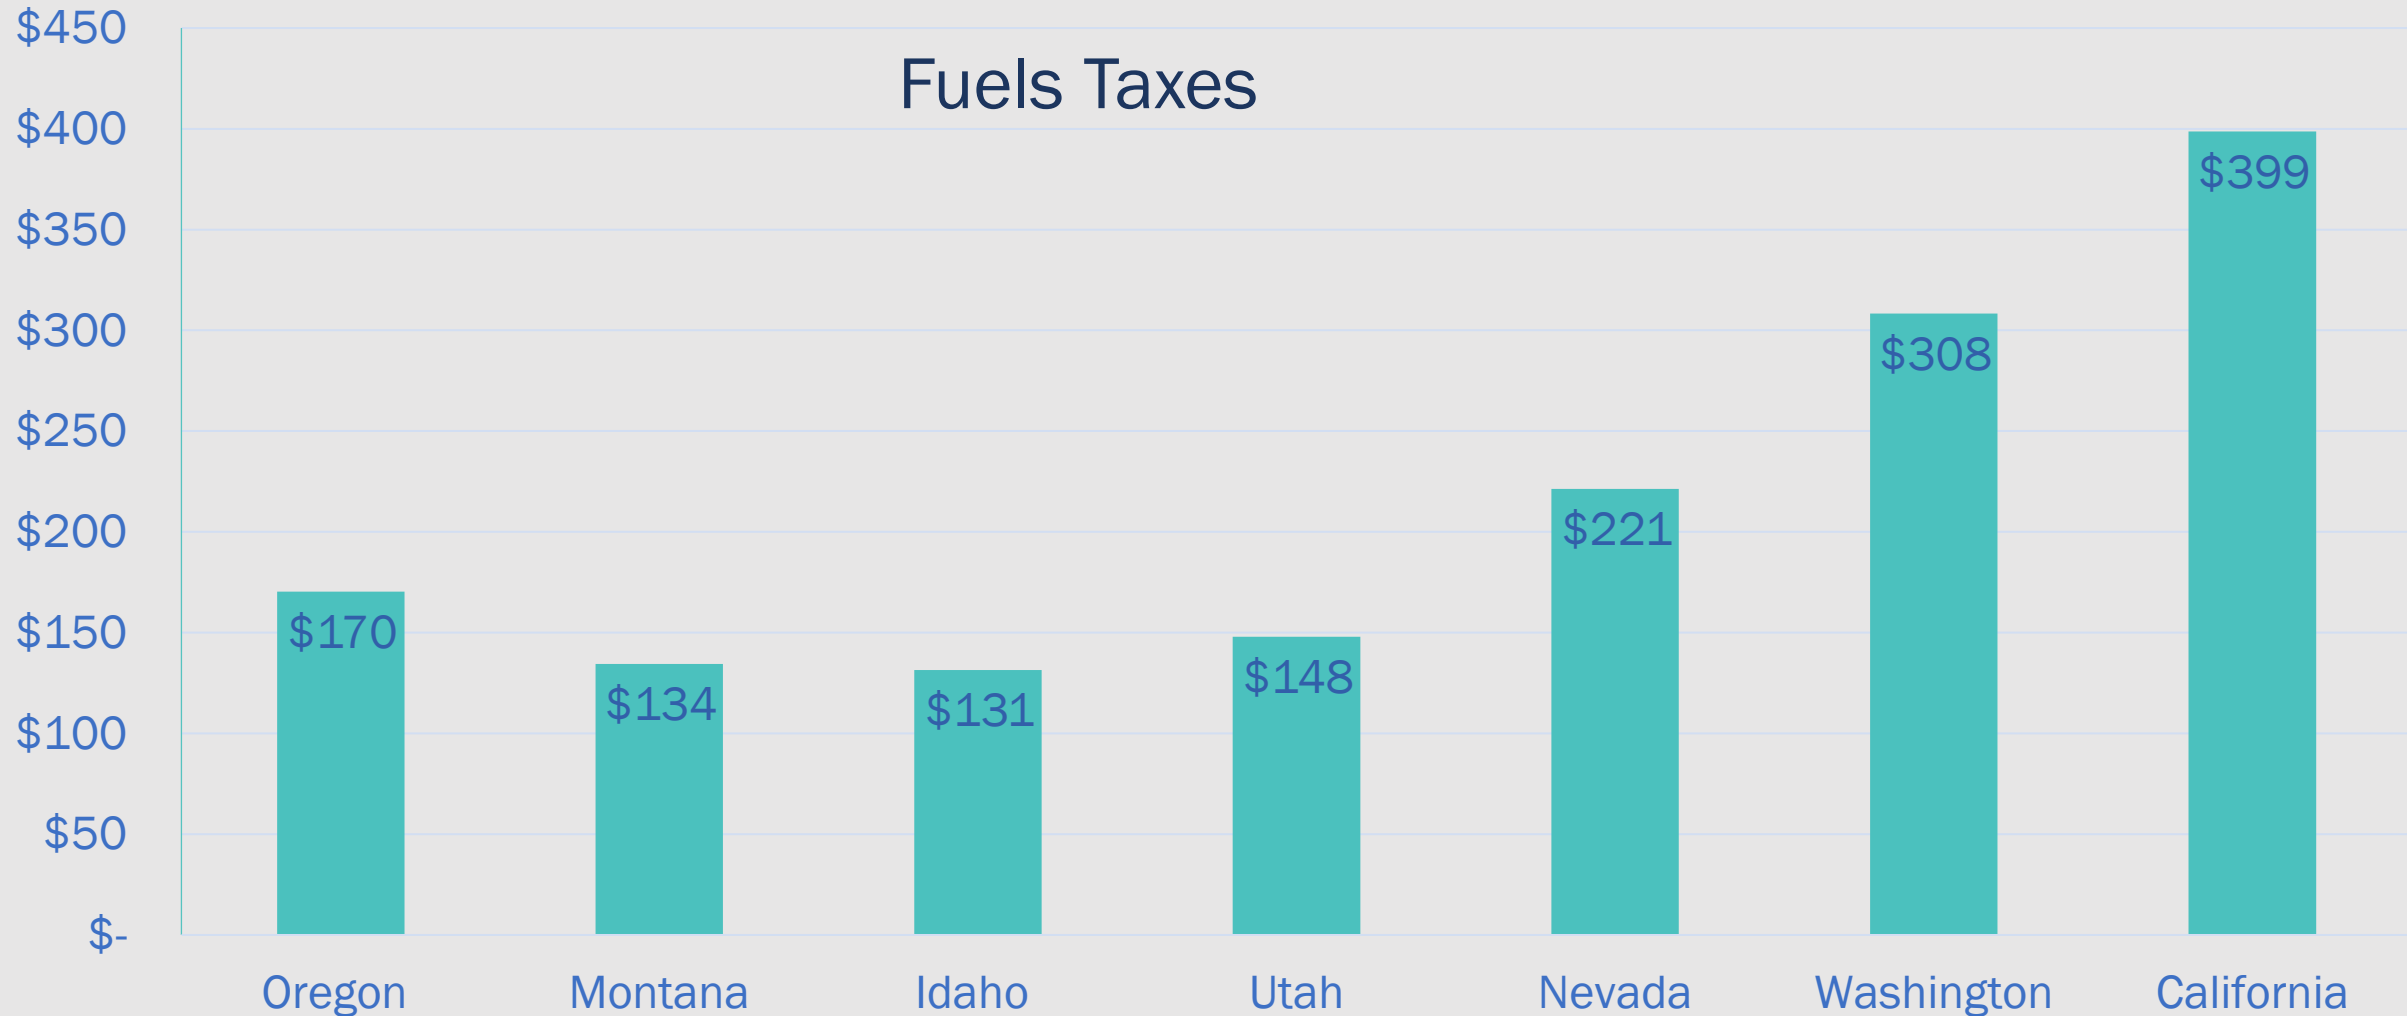

Vehicle Taxes in Oregon

- The average vehicle in Oregon pays about **3.1 cents per mile** in state and local vehicles taxes.
- That equates to **\$294 per year** for a vehicle that drives the average number of miles (9,600).
- Oregon currently has the **lowest** overall taxes, with Montana a close 2nd
