

• 3400+ species of native vascular plants

- 3400+ species of native vascular plants
- In all 36 counties
- Only in Oregon=120 endemic species

- **Economy:** timber, construction, horticulture and more
- **Ecology:** foundation of life, biodiversity, sustainable land management
- **Environment:** carbon sequestration
- **Cultural heritage:**
 - Oregon's Indigenous peoples
 - State symbols: Oregon grape + Douglas fir

Challenges

- 1300 non-native wild species
- 150 invasive and noxious weeds
 - degrade habitats, interfere with agriculture and can lead to soil erosion and wildfires (ODA)
- 633 of our native species at risk (ORBIC)

Expected outcomes:

- Raise awareness
- Encourage conservation
- Support restoration efforts
- Promote native plant usage
- Enjoyment through outdoor recreation
- (details in written testimony)

Let's Celebrate!
Native Plant Appreciation Week
April 22 - May 1, 2021

COVID-19 may mean you'll skip some events, but there are still many ways to celebrate and learn about Oregon's native plants.

- Hold your native plant society meeting
- Attend virtual workshops or talks
- Hike a trail and enjoy the view
- Purchase a new publication
- Volunteer for a restoration project

www.npsoregon.org

10 Times to Celebrate
Native Plant Appreciation Month
April 1-30, 2022

When you explore in nature, you'll discover native plants.

- Visit your local NPSC chapter
- Visit your local Native Plant Society
- Attend a virtual workshop or talk
- Hike a trail and enjoy the view
- Purchase a new publication
- Volunteer for a restoration project

Discover what your local NPSC chapter is doing www.npsoregon.org
