#### Fee Increase Request:

Due to a significant rise in internal costs and expenditures, which have increased by \$9.5 million (57%) in the last five years, \$14.4 million (97%) in the last 10 years, and \$15.8 million (119%) since the last fee increase in 2009, the Board has found it necessary to increase fees.

Since 2009, the agency has increased by 14 staff positions. A review by DAS HR services determined the OSBN Investigations Department requires additional positions to relieve high caseloads and management restructuring to align with the state manager-to-staff ratio best practices. Additional positions and reclassification will add at least an estimated \$1.5 million increase in expenditures in the upcoming biennium. This fee increase is a necessary step to ensure the financial stability of the OSBN, as costs have increased beyond our revenue capacity.

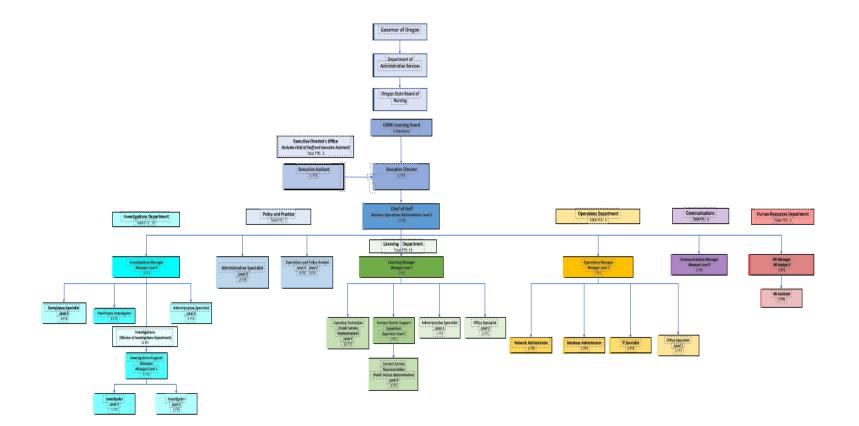

The Board is requesting the following fee increases:

- A \$100 increase for all RN renewal, endorsement, reactivation, reinstatement, and initial exam applications. The Board receives an average of 71,857 applications per biennium; the fee increase will provide the Board with revenue of \$7,185,700 per biennium.
- A \$35 increase for all LPN renewal, endorsement, reactivation, reinstatement, and initial exam applications. The Board receives an average of 5,409 applications per biennium; the fee increase will provide the Board with revenue of \$189,315 per biennium.
- A \$100 increase for all NP, CNS, & CRNA renewal and initial applications. The Board receives, on average, 7,047 applications per biennium; the fee increase will provide the Board with revenue of \$704,700 per biennium.

### **Reduction Options:**

- Elimination of 4 positions (Overall savings: \$1,054,799 OF)
- Elimination of Oregon Wellness Plan and decrease in office expenses category (Overall savings: \$600,000 OF)
- Withdraw from the Health Professionals' Services Program and transfer existing participants to probationary status. (Estimated savings: \$850,000 OF)
