ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

-1 The amendment directs interest earned by the Oregon Nonprofit Security Grant Program Fund back to the same fund.

BACKGROUND:

Senate Bill 577 (2019), codified in ORS 166.155 and 166.165 defined hate/bias crimes and incidents in Oregon and directed resources to respond to a rise in such incidents. It broadly defined bias crimes as those causing physical injury to another person because of the person's perception of the other person's race, color, religion, gender identity, sexual orientation, disability, or national origin. To track Oregon hate crimes, SB 577 also established the Oregon Bias Response Hotline and required the Oregon Criminal Justice Commission (CJC) to report annually on hate crimes. Pursuant to Hotline calls and CJC data, bias-motivated incidents increased more than 220% between 2020 and 2023 in Oregon.
