Meeting Dates: 3/11

FISCAL: May have fiscal impact, but no statement yet issued.

REVENUE: May have revenue impact, but no statement yet issued.

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

-3 The amendment specifies that the direct admissions program may include private non-profit universities and colleges, rather than all independent institutions, and specifies that those institutions must elect to participate.

BACKGROUND:

Several states have enacted direct admissions policies to lower barriers for students to enter higher education. Direct admissions programs inform high school-age students when their qualifications, such as grade point average and standardized test scores, meet the criteria for admission to institutions of higher education. Students qualifying for admission under a direct admissions program typically have access to an abbreviated application process at participating institutions.

Section 11 of [Senate Bill 1552 \(2022\)](#) required the Higher Education Coordinating Commission (HECC) to establish a direct admissions program for community colleges and public universities in Oregon.
