BACKGROUND:

The current iteration of the veterans' recognition registration plate program began in 2008 as a joint effort between the Oregon Department of Transportation and the Oregon Department of Veterans' Affairs. Veteran plates had previously been issued as part of the Group Plate Program. Most veteran plates require proof of eligibility, such as proof of honorable discharge. Permanent plates are available for disabled veterans and ex-prisoners-of-war (POW), with proof of having a service-connected disability or of qualifying POW status. Current statute allows veteran plates to be used on passenger vehicles, but not on mopeds and motorcycles.

Senate Bill 159 allows veterans' recognition registration plates to be used on mopeds and motorcycles.
