BACKGROUND:

In 2021, during the COVID-19 public health emergency, the U.S. federal government provided \$11.44 million to Oregon, to assist low-income households with costs associated with the provision of water and wastewater services costs. Funded through the Consolidated Appropriations Act of 2021 (Public Law 116-260) and the American Rescue Plan Act (ARPA) of 2021 (Public Law 117-2), the Low-Income Household Water Assistance Program (LIHWAP) provided over 18,000 low-income households in Oregon with bill-payment assistance for their past-due and current water and wastewater services expenses. LIHWAP funds were dispensed through the Oregon Housing and Community Services Department and expired in 2024.
