# Centralized Abuse Management (CAM)

---

\$6 million  
Total Fund

A decade ago, abuse information was siloed across programs. Individuals could be found substantiated for abuse in one system and continue to work in another system.

The CAM system was put into place to help solve this. It records abuse investigations for APD, CW, ODDS and OHA.

# Key challenge: Medical caseload

Health Systems - Medicaid administers state programs that provide medical coverage to low-income Oregonians, such as Medicaid and CHIP. These include: OHP clients, other Medicaid caseloads, and Healthier Oregon. The Medicaid counts do not include Partial Duals who only receive Medicare premium assistance.

# Key challenge: Supplemental Nutrition Assistance Program (SNAP) caseload

# Key challenge: Temporary Assistance for Needy Families (TANF) caseload

# Eligibility positions overview

Total OEP positions: 2,620

Positions by agency type

\*All figures from 2023-25 Legislatively Approved Budget following fall 2024 rebalance.

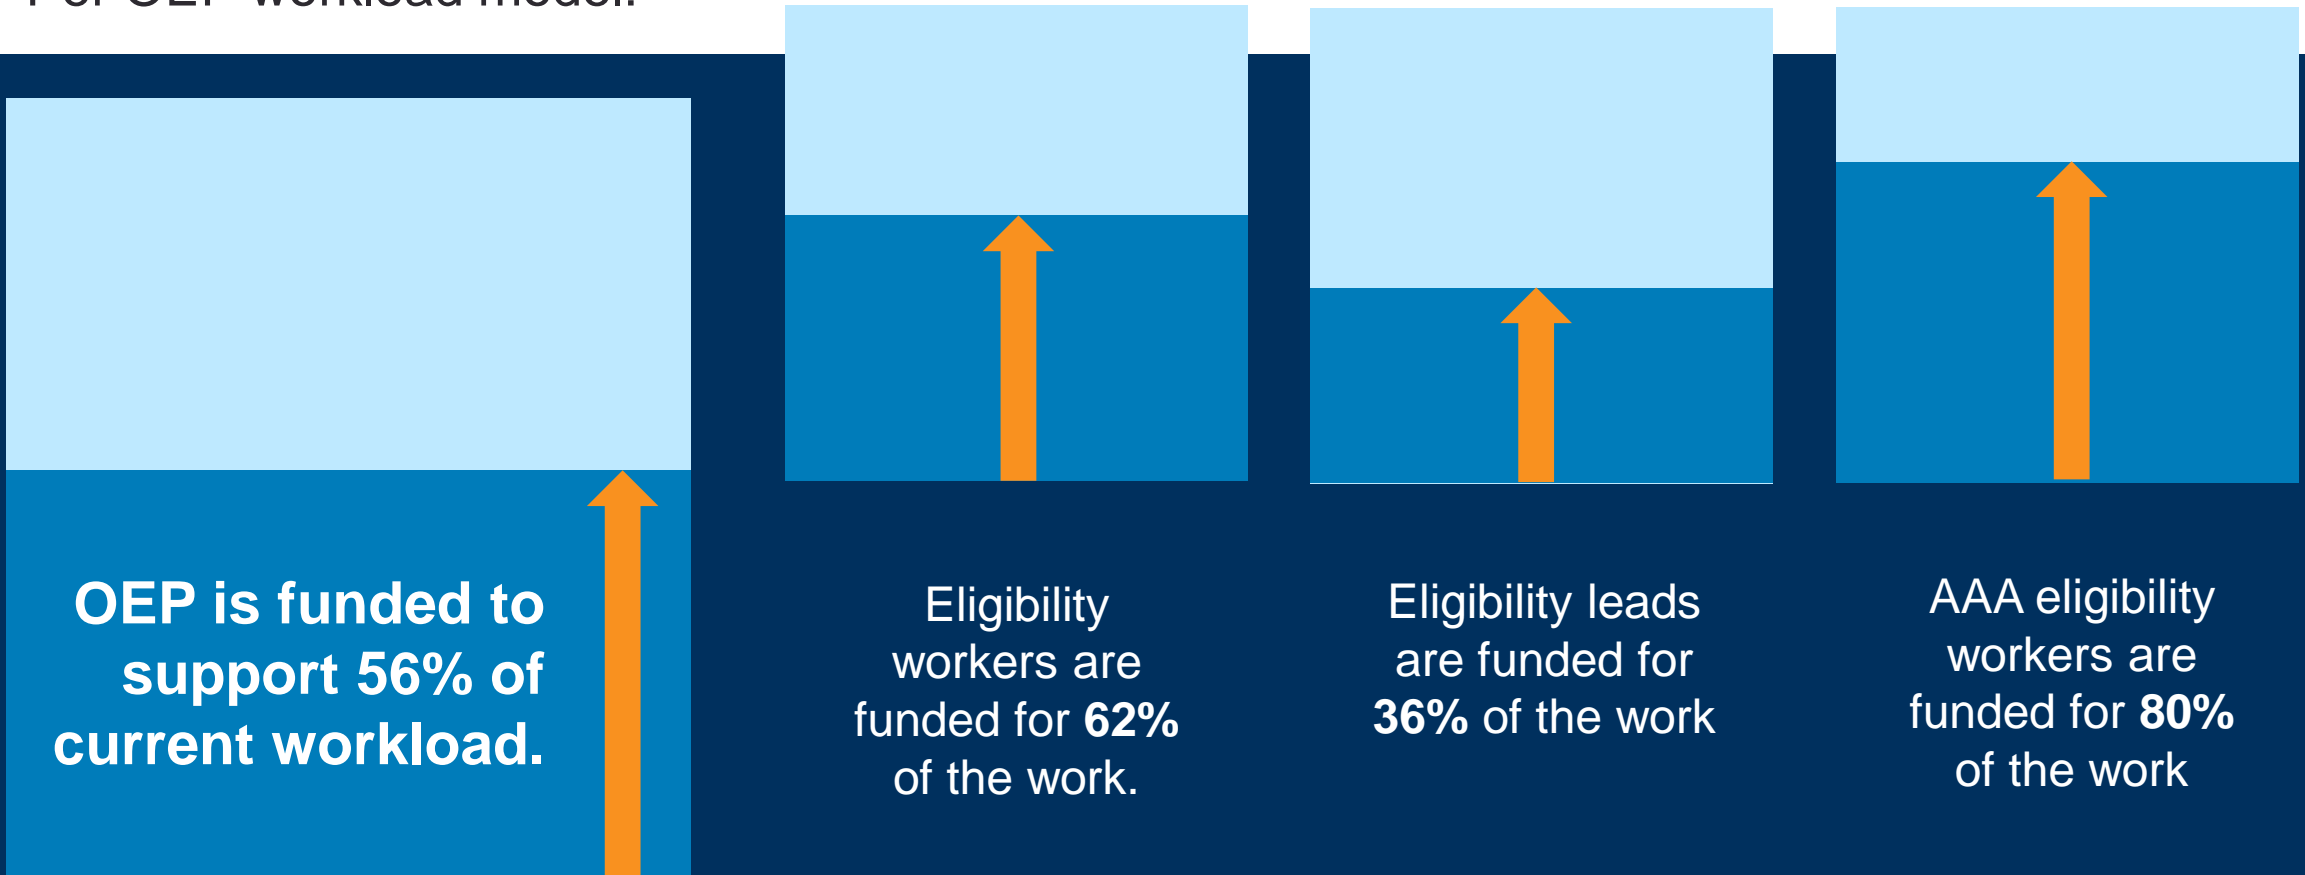

\*\* AAAs are funded based on statutory definition of 95% of the costs the State, not with actual positional authority

# Staffing picture: February 2025

Classification	Current Position Authority (2023-25)	100% Positions Needed Based on Forecast	Percent of Funded	Difference: Current to Workload Forecast
Human Service Specialist 3	1,646.00	2,629.98	62.6%	(983.98)
Human Service Specialist 4	86.00	239.09	36.0%	(153.09)
Office Specialist/Human Service Specialist 1	517.00	1,060.37	48.8%	(543.37)
Administrative Specialist 2	35.00	96.40	36.3%	(61.40)
Supervisor 2	179.00	365.15	49.0%	(186.15)
<b>Totals:</b>	<b>2,463.00</b>	<b>4,391.00</b>	<b>56.1%</b>	<b>(1,928.00)</b>

# The workload picture

Per OEP workload model:

AAA eligibility leads are currently not funded.

# New programs add to the workload

---

## 2023-2025

**96,000+ hours and \$17.3 million invested in ONE system changes:**

- Healthier Oregon
- OHP Bridge
- Young Adult/Youth with Special Health Care Needs (YSHCN)
- Summer EBT

## 2025-2027

**New programs in development:**

- Carceral-reentry (2025)
- Reproductive Health Program (2026)

**Unknown Federal Changes**

# Internal mitigation: Continuous Eligibility and process updates

---

From fall 2024 rebalance to February 2025, OEP:

- Introduced policy changes with continuous eligibility for Medicaid
- Made processing efficiencies within ONE

## Results:

- **Reduced the FTE funding gap** from 3,061 to 1,928
- **Increased overall funded staffing** from 44% to 56%
- **Increased the level of funded eligibility workers** from 49.7% to 62.6%

...without adding any new staff or funding.

# Key challenge: Position authority

- **Non-budgeted positions** remain necessary to meet federal timeliness standards given current caseloads.

- Budgeted positions
- Non-budgeted positions (approximate count as of Jan. 2025)

# Non-budgeted positions

---

**OEP has reduced its NBP count by more than 40%,** bringing it from 930 to approximately 500 over the course of the 2023-25 biennium.

# Total Positions: Maintain current level

---

	Delivery	Design	ONE System
Positions funded in Governor's Budget	2,386	143	130
Non-budgeted positions*	424	62	5

\*Includes positions with planned resolution as of Feb 2025

# Key challenge: SNAP Error rates

USDA determines the national payment error rate by calculating the weighted average of all individual state payment error rates. Weighting is determined by a state's proportion of total SNAP benefit issuances that fiscal year.

# Key challenge: Timeliness

---

Expedited SNAP 7 days		SNAP 30 days		Medical and other benefits 45 days	
Federal Standard	Oregon	Federal Standard	Oregon	Federal Standard	Oregon
95%	86.6%	95%	91.7%	100%	94.4%
