# BACKGROUND:

In 1911, the U.S. Board on Geographic Names (USBGN) recognized the Oregon Geographic Names Board (OGNB) as the official advisor and state geographic names authority of Oregon. In 1959, Governor Hatfield transferred the administration of the OGNB from state government to the Oregon Historical Society. The purpose of the OGNB is to supervise the naming of geographic features within the state of Oregon and to make recommendations to the USBGN, which has final approval authority. The Board also serves in an advisory capacity to federal, State, and local governments by reviewing administrative name proposals.
