Your life was a
blessing, your memory
a treasure, you are
loved beyond words
and missed beyond
measure.

LOVE IS LIFE

Love is life's most precious gifts,
Without it all is lost,
It's a treasure that can pay
Most any kind of cost.

If e'er you felt its tender touch,
Don't ever let it go.
For love is life and life is love,
And Bonnie I love you so.

There's no one in this whole wide
world
Who'd ever take my heart.
For long as I shall live and
breathe,
My love could never part.

When time says I must leave you,
My life no more will be.
For love is life and life is love,
For now and eternity.

Frank
