

SUBCOMMITTEE RECOMMENDATION

Oregon Business Development Department Infrastructure Projects for Housing Development

To: Ways and Means Full Committee
From: Transportation and Economic Development Subcommittee
Carrier: Representative Gomberg

On April 7th, the Transportation and Economic Development Subcommittee received a report from the Oregon Business Development Department on the status of infrastructure projects for housing that were provided funding through SB 1530 in the 2024 legislative session.

The measure appropriated \$88.8 million for 44 separate infrastructure projects that, when complete, will serve an estimated 27,000 housing units. The Department funds these projects on a reimbursement basis. Two projects have already been completed, and thirty-nine are currently under contract. Unexpended funds will carry forward into the 2025-27 budget to allow for completion of remaining projects.

The Transportation and Economic Development Subcommittee recommends acknowledging receipt of the report.
