#### **ISSUES DISCUSSED:**

- Provisions of the measure

#### **EFFECT OF AMENDMENT:**

-A4 The amendment extends the latest delivery date of the report to January 31st. the amendment makes technical fixes to the measure.

#### **BACKGROUND:**

Oregon law provides an Insurance Fund, which is separate from the State Treasury and the General Fund. The Insurance Fund is used to provide insurance and self-insurance for the state of Oregon and participating local bodies. The Insurance Fund is to operate on an actuarially sound basis. The Insurance Fund is funded through agency assessments. The Insurance Fund pays for commercial insurance premiums, as well as losses and settlements.

During the 2024 legislative session, Oregon Department of Administrative Services (DAS) presented at an informational on the Insurance Fund before the Joint Subcommittee on General Government. Presenters noted that the health of the Insurance Fund is deteriorating. The presenters forecasted that without significant additional funding, assets in the Insurance Fund would be depleted this biennium. The presentation noted that assets relative to liabilities in the Insurance Fund are declining and that the Insurance Fund has insufficient income.

Senate Bill 463 A requires DAS to submit a report by January 15 of each even-numbered year to the Legislative Assembly on the financial condition and stability of the state's Insurance Fund.
