HB 5033

Department of Public Safety Standards and Training – Fee Bill

To: Ways and Means Full Committee
From: Public Safety Subcommittee
Carrier: Representative Evans

HB 5033 ratifies fee modifications for the Department of Public Safety Standards and Training that were implemented through administrative rule during the interim.

The Department has increases across 15 different fees for the Private Security Professionals Program, which includes private security entities, private security providers, and private investigators.

The fees were most recently increased in 2023, after having not been modified since 2011, however, that increase was not enough to sustain the program. The agency's budget in HB 5032 assumes passage of the fees and includes a corresponding \$500,000 in additional expenditure limitation.

The -1 amendment makes minor technical changes to correct the introduced measure.

The Public Safety Subcommittee recommends HB 5033 be amended by the –1 amendment and be reported out do pass, as amended.
