**To:** Public Safety Subcommittee

**Date:** June 2, 2025  
**Subject:** HB 3069 – Relating to public safety  
Work Session Recommendations

HB 3069 establishes the Oregon Public Safety Coordination Grant Program (PSC) within the Criminal Justice Commission (CJC) and modifies and consolidates several exiting grant review programs to exist within the PSC program. Also included is the establishment of the Law Enforcement Focused Grant Program (LEF) within CJC and modifies and consolidates several exiting grant review programs to exist within the LEF.

The creation of the PSC and LEF programs allow grant recipients to avoid applying for all CJC grant programs individually, but instead apply to PSC once and the LEF once, improving efficiency for recipients and the agency alike.

The bill also makes modifications to the grant allocation methodology utilized in each program, makes changes to the structure and number of the Commission members, and makes modifications to HB 3194 (2013).

Finally, the bill creates new treasury funds, separate and distinct from the General Fund, for the financial management of each individual grant program within the PSC and LEF.

The -A7 amendment removes one grant program and associated fund creation because the program was not receiving an appropriation. It also modifies operative dates for the treasury funds to allow for program appropriations upon passage as required in HB 5005, the budget bill for CJC. Finally, the amendment allows the new funds to be utilized for the existing programs at the start of the 2025-27 biennium, as well as after they are changed by the program restructuring on July 1, 2026.
