

SUBCOMMITTEE RECOMMENDATION

SB 1137

Relating to autologous breast reconstruction

To: Ways and Means Full Committee
From: Human Services Subcommittee
Carrier: Senator Broadman

SB 1137 requires health insurers to provide coverage for autologous breast reconstruction procedures.

Additionally, health insurance carriers must satisfy network adequacy standards for these procedures and contract with enough providers to ensure that services are available without an unreasonable delay.

The amendment makes a minor spelling correction. The amendment does not change the minimal fiscal impact of the measure.

The Human Services Subcommittee recommends SB 1137 be amended by the –A2 amendment and be reported out do pass, as amended.
