Subject: HB 3199 – Relating to school attendance
Work Session Recommendations

HB 3199 directs the Legislative Policy and Research Office to study statewide attendance initiatives undertaken by the state since the 2017-18 school year. The study is to include research on specific elements, including goals, implementation, effectiveness, barriers, funding, and data collection. A final report is to be submitted to the Legislative Assembly by September 30, 2026. The measure also directs ODE to establish a 16-member advisory committee to review the study's findings and recommend policy changes to the State Board of Education. Additionally, the advisory committee will review current practices and recommend collaborative approaches involving the Department of Human Services, Department of Education, and school districts.

The -A6 amendment removes sections 6-12 of the A-Engrossed measure to narrow the scope of the measure and minimize costs. Additionally, the amendment adjusts the reporting timelines. A preliminary report on the committee's progress is to be submitted to the interim committees of the Legislative Assembly by November 30, 2026, with a final report submitted by February 15, 2027.
