

SUBCOMMITTEE RECOMMENDATION

SB 961

Relating to a sister state committee for Oregon and Ireland

To: Ways and Means Full Committee
From: Capital Construction Subcommittee
Carrier: Senator Manning

SB 961 creates a nine-member Oregon-Ireland Sister State Committee to host delegations and participate in delegations visiting Ireland.

The Committee is limited to meeting, at most, twice per year in conjunction with the Committee visiting Ireland, which may occur biennially. The Legislative Policy and Research Office will provide staff support for the Committee meetings, with one prior to a visit to Ireland and one meeting after returning. Costs of the Committee trips to Ireland would not come from legislative funding.

The Capital Construction Subcommittee recommends SB 961 be reported out do pass.
