

CONFLICT AMENDMENT RECOMMENDATION

SB 230

Relating to the Veterans Dental Program

To: Ways and Means Full Committee

Carrier: Senator Manning

SB 230 requires dental care organizations providing dental services through the Oregon Health Authority's Veteran Dental Program to complete an initial intake screening within 60 days of the enrollee's first contact.

The Joint Committee on Ways and Means previously approved this bill, and it has passed the Senate.

The –A2 amendment resolves conflicts with HB 2211 by replacing “dental care organization” with “dental subcontractor”.

I recommend SB 230 be amended by the –A2 conflict amendment and be reported out do pass, as amended.
