No amendment.

BACKGROUND:

A 1% transient lodging tax was established by HB 2267 (2003) to help fund Oregon Tourism Commission programs. In 2016, the legislature increased the tax from 1% to 1.8% for July 1, 2016, to July 1, 2020, and 1.5% thereafter. The lodging provider or intermediary collect and remit the tax. There are some exclusions from the tax including health care facilities, emergency shelters, and military facilities.

Under current law, there are limits placed on the uses of new or increased local transient lodging taxes. Net revenues may be used to fund tourism promotion or tourism-related facilities, city or county services, and financing or refinancing the debt of tourism-related facilities. At least 70% of the net revenues must be used for tourism promotion or tourism-related facilities or financing or refinancing the debt of tourism-related facilities.
