SUMMARY

Digest: Creates a tax credit for the amount paid for transmission services for solar or wind power or power storage. (Flesch Readability Score: 62.8).

Creates an income or corporate excise tax credit for the amount paid by an owner of an eligible generation facility for transmission services. Directs that the amount paid, for purposes of the tax credit, shall be calculated as the sum of amounts paid by the owner to the Bonneville Power Administration or an electric utility for up to 600 megawatts of the eligible generation facility's nameplate capacity and to other parties.

Applies to tax years beginning on or after January 1, 2026, and to eligible generation facilities first placed in service on or after January 1, 2026, and before January 1, 2032.

Takes effect on the 91st day following adjournment sine die.
