BACKGROUND:

Four types of medical provider assessments were first authorized in the 2003 legislature by HB 2747 to generate revenue to help fund Oregon's Medicaid programs: assessments on net patient revenues of certain hospitals (hospital assessment), assessments on Medicaid managed care plan premiums (managed care organization assessment), assessments on long term care facilities or nursing homes (long term care facility assessment), and assessments on programs of all-inclusive care for the elderly (PACE assessment). These enacted provider assessments had sunset dates.

Over time, these provider assessments have gone through expansions, sunset extensions, modifications, termination, and reinstatement. For example, HB 2391 in 2017 re-established the assessment on health insurance plan premiums or premium equivalents (Insurers assessment) for two years. It also established the Oregon Reinsurance Program. HB 2010 in 2019 extended the hospital assessment through September 2025, and insurers
