

Open Government Impact Statement

83rd Oregon Legislative Assembly
2025 Regular Session

Measure: HB 2375 - A

Only impacts on Original or Engrossed
Versions are Considered Official

Prepared by: Dexter A. Johnson
Date: 4/7/2025

SUMMARY

Digest: Makes a person who builds or updates a wind power facility apply to the FAA or FCC to put in a system to reduce lighting. (Flesch Readability Score: 63.3).

Requires a person who is developing or repowering a wind energy facility to apply to the Federal Aviation Administration and, if applicable, the Federal Communications Commission, for approval for the installation and use of light-mitigating technology systems and, if approved, install the systems within 24 months or as soon as reasonably practicable thereafter.

Prohibits a county or city from allowing or permitting a wind energy facility if the person seeking to develop or repower the wind energy facility does not apply for approval for the installation and use of light-mitigating technology systems.
