Bill Title: Relating to long term care.

Government Unit(s) Affected: Department of Human Services

Summary of Fiscal Impact

This fiscal impact statement is for the purpose of transmitting the measure from the Senate Committee on Human Services to the Joint Committee on Ways and Means.

The measure requires the Department of Human Services to update their website with information about ownership and operation of long term care facilities including information about licenses, owners, violations, and quality metrics. The department must study the feasibility of developing and implementing an online portal to collect licensure information and other reports directly from long term care facilities. Additionally, the measure requires long term care facilities to submit an application to the department when changing the owner or operator.

A more complete fiscal analysis on the measure will be prepared as the measure is considered in the Joint Committee on Ways and Means.
