

SB 1060 A STAFF MEASURE SUMMARY

Senate Committee On Health Care

Action Date: 04/08/25

Action: Without recommendation as to passage, but with amendments and requesting referral to Rules. (Printed A-Eng.)

Vote: 5-0-0-0

Yeas: 5 - Campos, Hayden, Linthicum, Patterson, Reynolds

Fiscal: Has minimal fiscal impact

Revenue: No revenue impact

Prepared By: Daniel Dietz, LPRO Analyst

Meeting Dates: 3/27, 4/8

WHAT THE MEASURE DOES:

The measure requires hospitals to publicly disclose their standard charges for medical services, including rates negotiated with different payers and discounted cash prices. It allows patients to sue hospitals that are noncompliant at the time of service for improperly seeking payment.

Detailed Summary:

Publication of standard charges

- Requires hospitals to publish data in a machine-readable format on a website that is searchable and free to access, without requiring an account, password, or personal information.
- Includes gross charges, minimum and maximum rates negotiated with different payers, and any discounted cash price.
- Requires hospitals to provide shoppable services pricing for at least 300 services that are commonly scheduled in advance.
 - Must include ancillary services and services specified by the Centers for Medicare & Medicaid Services (CMS).
- Requires separate lists for inpatient and outpatient services, if pricing differs.

ISSUES DISCUSSED:

- Impacts of the measure.

EFFECT OF AMENDMENT:

Removes provisions allowing the Oregon Health Authority (OHA) to make additional disclosure requirements via rule, to audit hospitals, to issue corrective action plans, and to apply civil penalties.

BACKGROUND:

In 2021, the Centers for Medicare and Medicaid Services ([CMS](#)) began requiring hospitals to share their standard charges in two ways: a detailed, machine-readable file and a user-friendly display listing charges for at least 300 common services.

Senate Bill 1060 A requires hospitals to publicly disclose their standard charges for medical services.
