## **Summary of Revenue Changes**

The Board of Parole and Post-Prison Supervision (BPPPS) is almost entirely supported by General Fund. Less than 1% of the Board's budget is Other Funds revenue from the sale of documents and hearing recordings, as well as collection of any court-ordered fees paid to the Board.

## **Summary of Public Safety Subcommittee Action**

The Board works within the criminal justice system to protect the public, reduce the risk of repeat criminal behavior through decisions concerning incarceration and evidence-based community supervision and intervention, and ensure legal integrity. The Board's decisions on release from custody and post-prison supervision are informed by its partnership with the Department of Corrections and local supervisory authorities, as well as stakeholder groups and, importantly, the victims of crime. Pursuant to House Bill 2549 (2013) and House Bill 2320 (2015), the Board is also responsible for assessing and classifying Oregon's registered sex offenders to a Sex Offender Notification Level (SONL).

The Subcommittee recommended budget is \$17,898,813 General Fund, \$13,229 Other Funds expenditure limitation, and 38 positions (36.92 FTE). The total recommended budget of \$17,912,042 is a 27.6% increase over the 2023-25 legislatively approved budget. The Subcommittee recommended the following packages:

Package 100: IT Modernization. This package provides a one-time \$100,000 General Fund appropriation to modernize the Parole Board Management Information System, which tracks individuals' actions while under the Board's supervision. The Board is currently using an in-

house Java-based application and will migrate to Microsoft Dynamics. The Board shares information from the system with the Department of Corrections and Community Corrections to support community supervision efforts.

The Board anticipates the ongoing license fees, starting in the 2027-29 biennium, will be approximately \$18,000 per year, which will phase-in during the 2027-29 budget development.

Package 801. LFO Analyst Adjustments. This package appropriates \$3,726,828 General Fund for one permanent full-time Morrissey Hearings Officer (1.00 FTE), one-time funding for transitioning from the Board's Victim Information and Notification Everyday (VINE) to Victim Information System in Oregon (VISOR), and additional resources to address the SONL backlog.

Of this amount, \$392,283 General Fund and one permanent full-time Morrissey Hearings Officer (1.00 FTE) is to address the increase in Morrissey hearings. The Board currently contracts with 11 counties to conduct these hearings on the Board's behalf. As of June 30, 2025, Deschutes County is withdrawing from the contract due to insufficient resources to perform these hearings, which results in the work returning to BPPPS. Additionally, the Board has experienced a 22% increase in these hearings since 2020.

Of this amount, there is a one-time \$180,000 General Fund appropriation to transition the Board's victim notification system from VINE to VISOR. Currently, victims must register within VISOR, which is used by the Department of Corrections, and within VINE, which is used by the Board. This investment will allow victims to only register through VISOR. The Board anticipates this transition will take nine months and the ongoing maintenance costs, starting in the 2027-29 biennium, will be approximately \$6,500 per year, which will phase-in during the 2027-29 budget development.

Lastly, \$3,154,545 General Fund and nine permanent full-time positions (7.92 FTE) are provided to address the SONL backlog of approximately 11,091 registrants. These positions include six Board Assessment Specialists to conduct initial assessments, two Board Hearing Officers to review objections of initial leveling, and one SONL Operations Manager to review assessments and manage the additional staff. In addition to the position-related costs, this package includes a one-time \$25,000 General Fund appropriation for training costs and \$874,000 continuous funding for legal fees and contracted evaluations. This investment includes the necessary resources for the Board to complete the backlog within five years, which results in these positions phasing out June 30, 2030.

**Budget Note: Sex Offender Notification Leveling Backlog**

The Board is directed to report to the Interim Joint Committee on Ways and Means no later than January 2026 on the status of the backlog. The report must provide an update on the status of recruitment, training, and retention of related positions, efforts taken to reduce the backlog and its current status, and an updated projected timeline to complete this work.
