

Open Government Impact Statement

83rd Oregon Legislative Assembly
2025 Regular Session

Measure: HB 3942 - C

Only impacts on Original or Engrossed
Versions are Considered Official

Prepared by: Dexter A. Johnson
Date: 6/24/2025

SUMMARY

Digest: Tells OHA to create a fast process for the issuance of licenses for health care facilities.
(Flesch Readability Score: 63.6).

Directs the Oregon Health Authority to provide for an expedited licensure process for health care facilities, except long term care facilities and residential facilities that primarily serve persons under 21 years of age.

Allows a person or governmental unit to use the expedited licensure process to apply for a license to operate a health care facility that is in the same physical location and of the same type as a health care facility that previously operated at the location and the previously operated health care facility was closed within the last 60 months voluntarily or due to financial hardship.

Allows an applicant to be issued a provisional license to operate the health care facility while the applicant's application is being processed and reviewed.

Makes a person or governmental unit ineligible to use the expedited licensure process if the person or governmental unit voluntarily surrendered a license to operate a health care facility under certain circumstances.
