Summary of Revenue Changes

Senate Bill 684 requires the Housing and Community Services Department (HCSD) to create and implement lending strategies that can be used to provide permanent, long-term financing for mixed income residential housing. HCSD is required to report to the legislature in 2025 and 2026 with recommendations and progress toward implementation. Other Funds expenditure limitation is increased by \$1,979,090 for HCSD administrative expenses associated with program development and loan management. The Department will use revenue from fees charged for conduit bond services provided to developers to front the costs for the positions. HCSD will use its existing authority to issue revenue bonds, proceeds from which will serve as the source of loan funds. Interest earned on loan repayments and other fees and charges will support the positions on an ongoing basis.

Summary of Capital Construction Subcommittee Action

Senate Bill 684 directs HCSD to develop recommendations and report on progress in developing a mixed-income housing revolving loan program. HCSD is required, on or before January 1, 2027, to adopt rules to develop lending strategies to be used to provide permanent long-term financing for residential housing. The bill requires HCSD to:

- Submit a report to interim committees of the Legislature, on or before November 15, 2025, on the manner in which a mixed income housing revolving loan fund may be structured and on any statutory authority needed for the fund;
- Submit a report to interim committees of the Legislature, on or before September 15, 2026, on the progress of the rulemaking and recommendations for funding the lending strategies developed.

The Subcommittee recommended increasing Other Funds expenditure limitation by \$1,979,090 for the Multifamily Rental Housing Program for eight permanent, full-time positions (6.59 FTE) and the services and supplies necessary to fulfill the development of the program and meet the requirements of Senate Bill 684. The positions include:

- One Program Analyst 3 (0.75 FTE)
- One Construction Project Manager 2 (0.96 FTE)
- One Appraiser Analyst 4 (0.96 FTE)
- One Loan Specialist 2 (0.75 FTE)
