(d) Adopt a strategic plan for achieving state post-secondary education goals, taking into consideration the contributions of this state’s independent institutions, philanthropic organizations and other organizations dedicated to helping Oregonians reach state goals. State post-secondary education goals as described in this section should include, but need not be limited to:

(A) Increasing the educational attainment of the population;

In reaching a decision under this paragraph, the commission shall consider the recommendation from the community college or public university seeking to make the change to an academic program that is issued pursuant to the obligation of the governing board of a community college or public university to review and approve academic programs. The commission shall ensure that approved programs:
- (A) Are consistent with the mission statement of the community college or public university;

The commission, by rule, may impose a fee on any educational institution that seeks to operate under or participate in such interstate agreements. The fee amount shall be established to recover designated expenses incurred by the commission in participating in such agreements.
