

SENATE AMENDMENTS TO A-ENGROSSED HOUSE BILL 2684

By COMMITTEE ON EDUCATION

May 30

1 On page 1 of the printed A-engrossed bill, delete lines 5 through 27.

2 On page 2, delete lines 1 through 20 and insert:

3 “**SECTION 1.** ORS 634.705 is amended to read:

4 “634.705. (1)(a) The governing body responsible for a school shall adopt an integrated pest
5 management plan for use on the campuses of the school. The governing body shall also adopt pro-
6 visions for:

7 “[a] (A) Designating an integrated pest management plan coordinator;

8 “[b] (B) Identifying plan coordinator responsibilities;

9 “[c] (C) Giving notices under ORS 634.740;

10 “[d] (D) Retaining pesticide application records under ORS 634.750;

11 “[e] (E) Providing a process for responding to inquiries and complaints about noncompliance
12 with the integrated pest management plan; and

13 “[f] (F) Conducting outreach to the school community about the school’s integrated pest man-
14 agement plan.

15 “(b) **Not less than once every five years, the governing body shall review the integrated**
16 **pest management plan, make any necessary updates and readopt the integrated pest man-**
17 **agement plan. A final integrated pest management plan must include the day, month and**
18 **year that the governing body adopted or readopted the plan.**

19 “(c) **A governing body shall make the integrated pest management plan available to the**
20 **public through the governing body’s website. A governing body may satisfy this paragraph**
21 **by including the integrated pest management plan with the Healthy and Safe Schools Plan,**
22 **adopted under ORS 332.331, posted on the governing body’s website.**

23 “(2) If a governing body has control over only part of a building, a structure or property where
24 a campus is located, the governing body may limit an integrated pest management plan to those
25 parts of the building, structure or property over which the governing body exerts substantial con-
26 trol.

27 “(3) A governing body is not required to adopt an integrated pest management plan for off-
28 campus buildings, structures or property, notwithstanding any incidental use for instruction.

29 “(4) Unless a governing body expressly provides otherwise, the application of a germicide,
30 disinfectant, sanitizer, deodorizer, antimicrobial agent or insecticidal soap at a campus is not subject
31 to the requirements for a pesticide application under an integrated pest management plan. However,
32 this subsection does not permit the application at a campus of a germicide, disinfectant, sanitizer,
33 deodorizer, antimicrobial agent or insecticidal soap that is a pesticide in a manner that is incon-
34 sistent with the goal of the integrated pest management plan.

35 “(5)(a) A governing body shall adopt a list of low-impact pesticides for use with the integrated

1 pest management plan.

2 “(b) A governing body shall make the list of low-impact pesticides available to the public
3 through the governing body’s website. A governing body may satisfy this paragraph by in-
4 cluding the list of low-impact pesticides with the Healthy and Safe Schools Plan, adopted
5 under ORS 332.331, posted on the governing body’s website.

6 “(c) The [*governing body*] list of low-impact pesticides may include any product [*on the list*]
7 except products that:

8 “[*(a)*] (A) Contain a pesticide product or active ingredient that has the signal words ‘warning’
9 or ‘danger’ on the label;

10 “[*(b)*] (B) Contain a pesticide product classified as a human carcinogen or probable human
11 carcinogen under the United States Environmental Protection Agency 1986 Guidelines for
12 Carcinogen Risk Assessment; or

13 “[*(c)*] (C) Contain a pesticide product classified as carcinogenic to humans or likely to be
14 carcinogenic to humans under the United States Environmental Protection Agency 2003 Draft Final
15 Guidelines for Carcinogen Risk Assessment.”.
