[(b) The student shall determine how to cover the student share through income from work, loans, savings and scholarships.]

[(d) The student share for a student who attends an eligible post-secondary institution that is not a community college may not exceed the sum of the amount that the commission determines a student may receive as loans plus the amount a student may earn based on the number of hours of work reasonably expected from the student under paragraph (a) of this subsection.]

[(8)] **(7)** Subject to subsection *[(9)]* **(8)** of this section, if the commission determines that there are insufficient moneys to *[award the state share]* **award grants** to all qualified students, the commission:

[(a) May establish the maximum amount that a student may receive as a state share. This amount may vary based on whether the student is attending an eligible post-secondary institution on a half-time or full-time basis.]

[(b)] **(a)** May establish procedures that prioritize awarding Oregon Opportunity Grants to qualified students with the greatest financial need or whose circumstances would enhance the promotion of equity guidelines published by the commission.

[(c)] **(b)** May not reduce the amount of *[the state share awarded]* **grants awarded** to students *[in the low income range]* **with greater financial need, as determined by the commission,** in a greater proportion than the amount *[that the state share for]* **of grants awarded to students** *[in other income ranges is]* **with less financial need is** reduced.

As used in this paragraph, "former foster child" has the meaning given that term in ORS 350.300.

(c) Determine how the commission shall award qualified students in eligible programs that do not lead to a degree. Rules adopted under this paragraph must define which programs or types of programs that do not lead to a degree are eligible, and must determine the methods the commission shall use to calculate award amounts for both credit and noncredit programs made eligible by the commission.

(6)(a) The commission shall inform eligible post-secondary institutions of the identity of qualified students who attend the institution and who receive a grant under this section for more than one academic year.

(b) To the extent possible, eligible post-secondary institutions shall ensure that qualified students identified under this subsection are made aware of the academic guidance and counseling services available at the institution.

(7) A qualified student who receives a grant under this section must attend the eligible post-secondary institution upon which the grant application is based unless the commission authorizes the grant to be used at a different eligible post-secondary institution. A qualified student who receives a grant under this section may attend more than one eligible post-secondary institution if the grant application was based on the qualified student attending more than one eligible post-secondary institution.

(9)(a) The commission shall report annually on or before February 1 to committees of the Legislative Assembly related to higher education regarding the academic success and performance of qualified students who receive grants under this section.

(b) In order to meet the reporting requirements set forth in paragraph (a) of this subsection:
