(c) Conduct, or contract with a third party to conduct, a financial accounting of current primary prevention expenses in this state, including services funded and the funding sources and amounts for those services.

(d) Define state agency responsibilities, outline funding models and identify implementation strategies and expected outcomes.

(4) No later than September 15, 2026, the commission shall report to the interim committees of the Legislative Assembly related to health, in the manner provided in ORS 192.245, on the commission's findings and recommendations under this section.
