25 served by the program, and the court, having considered the nature of the services and composition  
26 of the facility population and the report of the qualified individual, has found that placement in the  
27 facility is the least restrictive setting available to appropriately meet the child’s treatment needs.

28 “(7)(a) **Notwithstanding ORS 418.322, the department may place a child in an out-of-state**  
29 **placement without requiring the placement to be licensed or under contract, as described in**  
30 **subsection (1) of this section, or to be a qualified residential treatment program as described**

43 **out-of-state placement;**

44 “(C)(i) **The out-of-state placement is an out-of-state child-caring agency;**

45 “(ii) **The child resides in a placement subject to the Interstate Compact on the Placement**

1 of Children that is located in the same state as or a neighboring state to the child-caring  
2 agency; and

3 “(iii) The child-caring agency provides the types of treatment or services that are med-

5 Oregon Health Authority for the administration of the authority’s program providing bene-  
6 fits for children and young adults with special health needs;

25 the child.

26 “(e) The department may not place a child in an out-of-state placement under this sub-  
27 section unless the department has conducted an in-person inspection and has verified that
