

## **SENATE AMENDMENTS TO HOUSE BILL 3874**

By COMMITTEE ON ENERGY AND ENVIRONMENT

May 6

1       On page 9 of the printed bill, after line 27, insert:

2       “(g) For a renewable energy facility that is an electric power generating plant with an average  
3       electric generating capacity of at least 50 megawatts but less than 100 megawatts that produces the  
4       power from wind energy at a single energy facility or within a single energy generation area, pro-  
5       vide a decommissioning plan to accomplish the restoration of the site to a useful, nonhazardous  
6       condition as described in paragraph (c) of this subsection. A decommissioning plan provided under  
7       this paragraph must include bonding or other security as the financial assurances described in par-  
8       agraph (c) of this subsection.”.
