SECTION 21. ORS 676.595 is amended to read:

676.595. (1) As used in this section, "board" means the:

(a) Sexual Offense Treatment Board established under ORS 675.395.

(b) Behavior Analysis Regulatory Board created under ORS 676.806.

(c) Long Term Care Administrators Board established under ORS 678.800.

(d) State Board of Denture Technology established under ORS 680.556.

(e) State Board of Direct Entry Midwifery established under ORS 687.470.

(f) Board of Athletic Trainers established under ORS 688.705.

(g) Respiratory Therapist and Polysomnographic Technologist Licensing Board established under ORS 688.820.

(h) Board of Licensed Dietitians established under ORS 691.485.

(i) Environmental Health Registration Board established under ORS 700.210.

(2) Except to the extent that disclosure is necessary to conduct a full and proper investigation, the Health Licensing Office may not disclose information, including complaints and information identifying complainants, obtained by the office as part of an investigation conducted under:

(a) ORS 675.365 to 675.410, 676.802 to 676.830, 678.710 to 678.820, 680.500 to 680.565, 687.405 to 687.495, 688.701 to 688.734, 688.800 to 688.840 or 691.405 to 691.485 or ORS chapter 700.

(b) ORS 676.560 to 676.625 if the investigation is related to the regulation of:

(A) Sexual abuse specific treatment under ORS 675.365 to 675.410;

(B) Applied behavior analysis under ORS 676.802 to 676.830;

(C) Nursing home administration and residential care facility administration under ORS 678.710 to 678.820;

(D) The practice of denture technology under ORS 680.500 to 680.565;

(E) Direct entry midwifery under ORS 687.405 to 687.495;

(F) Athletic training under ORS 688.701 to 688.734;

(G) Respiratory care and polysomnography under ORS 688.800 to 688.840;

(H) Dietetics under ORS 691.405 to 691.485; or

(I) Environmental **health** or waste water sanitation under ORS chapter 700.

(3) Notwithstanding subsection (2) of this section, if the office or board decides not to impose a disciplinary sanction after conducting an investigation described in subsection (2) of this section:

(a) The office shall disclose information obtained as part of the investigation if the person requesting the information demonstrates by clear and convincing evidence that the public interest in disclosure outweighs other interests in nondisclosure, including the public interest in nondisclosure.

(b) The office may disclose to a complainant who made a complaint related to the investigation a written summary of information obtained as part of the investigation to the extent that disclosure is necessary to explain the office's or board's decision. The person who is the subject of the investigation may review and obtain a copy of a written summary disclosed under this paragraph after the office has redacted any information identifying the complainant.

(4) Notwithstanding subsection (2) of this section, if a decision is made to impose a disciplinary sanction and to issue a notice of intent to impose a disciplinary sanction after conducting an investigation described in subsection (2) of this section, upon written request by the person who is the subject of the investigation, the office shall disclose to the person all information obtained by the office or board during the investigation, except that the office may not disclose:

(a) Information that is otherwise privileged or confidential under state or federal law.

(b) Information identifying a person who provided information that led to the investigation, unless the person will provide testimony at a hearing arising out of the investigation.

(c) Information identifying a complainant.

(d) Reports of expert witnesses.

(5) Information disclosed to a person under subsection (4) of this section may be further disclosed by the person only to the extent that disclosure is necessary to prepare for a hearing arising out of the investigation.

(6) The office shall disclose:

(a) Any notice related to the imposition of a disciplinary sanction.

(b) A final order related to the imposition of a disciplinary sanction.

(c) An emergency suspension order.

(d) A consent order or stipulated agreement that involves the conduct of a person against whom discipline is sought.

(e) Information to further an investigation into board conduct under ORS 192.685.

(7) The office or board must summarize the factual basis for the office's or board's disposition of:

(a) A final order related to the imposition of a disciplinary sanction;

(b) An emergency suspension order; or

(c) A consent order or stipulated agreement that involves the conduct of a person against whom discipline is sought.

(8)(a) An office or board record or order, or any part of an office or board record or order, that is obtained during an investigation described in subsection (2) of this section, during a contested case proceeding or as a result of entering into a consent order or stipulated agreement is not admissible as evidence and may not preclude an issue or claim in a civil proceeding.

(b) This subsection does not apply to a proceeding between the office or board and a person against whom discipline is sought as otherwise authorized by law.

(9)(a) Notwithstanding subsection (2) of this section, the office is not publicly disclosing information when the office permits other public officials and members of the press to attend executive sessions where information obtained as part of an investigation is discussed. Public officials and members of the press attending such executive sessions may not disclose information obtained as part of an investigation to any other member of the public.

(b) For purposes of this subsection, "public official" means a member, member-elect or employee of a public entity as defined in ORS 676.177.

(10) The office may establish fees reasonably calculated to reimburse the actual cost of disclosing information to a person against whom discipline is sought as required by subsection (4) of this section.

SECTION 22. ORS 676.992 is amended to read:

676.992. (1) Except as provided in subsection (3) of this section, and in addition to any other penalty or remedy provided by law, the Health Licensing Office may impose a civil penalty not to exceed \$5,000 for each violation of the following statutes and any rule adopted under the following statutes:

(a) ORS 688.701 to 688.734 (athletic training);

(b) ORS 690.005 to 690.225 (cosmetology);

(c) ORS 680.500 to 680.565 (denture technology);

(d) Subject to ORS 676.616 and 687.445, ORS 687.405 to 687.495 (direct entry midwifery);

(e) ORS 690.350 to 690.410 (tattooing, electrolysis, body piercing, earlobe piercing, dermal implanting and scarification);

(f) ORS 694.015 to 694.170 (dealing in hearing aids);

(g) ORS 688.800 to 688.840 (respiratory therapy and polysomnography);

(h) ORS chapter 700 (environmental [*sanitation*] **health**);

(i) ORS 675.365 to 675.410 (sexual abuse specific treatment);

(j) ORS 678.710 to 678.820 (nursing home administrators and residential care facility administrators);

(k) ORS 691.405 to 691.485 (dietitians);

(L) ORS 676.612 (prohibited acts);

(m) ORS 676.802 to 676.830 (applied behavior analysis);

- (n) ORS 681.700 to 681.730 (music therapy);
- (o) ORS 676.630 to 676.660 (advanced nonablative esthetics procedure);
- (p) ORS 681.740 to 681.758 (art therapy);
- (q) ORS 676.665 to 676.689 (lactation consultation);
- (r) ORS 676.730 to 676.748 (genetic counseling); and
- (s) ORS 676.750 to 676.789 (signed language interpretation).

(2) The office may take any other disciplinary action that it finds proper, including but not limited to assessment of costs of disciplinary proceedings, not to exceed \$5,000, for violation of any statute listed in subsection (1) of this section or any rule adopted under any statute listed in subsection (1) of this section.

(3) Subsection (1) of this section does not limit the amount of the civil penalty resulting from a violation of ORS 694.042.

(4) In imposing a civil penalty under this section, the office shall consider the following factors:

(a) The immediacy and extent to which the violation threatens the public health or safety;

(b) Any prior violations of statutes, rules or orders;

(c) The history of the person incurring a penalty in taking all feasible steps to correct any violation; and

(d) Any other aggravating or mitigating factors.

(5) Civil penalties under this section shall be imposed as provided in ORS 183.745.

(6) The moneys received by the office from civil penalties under this section shall be deposited in the Health Licensing Office Account and are continuously appropriated to the office for the administration and enforcement of the laws the office is charged with administering and enforcing that govern the person against whom the penalty was imposed.

SECTION 23. ORS 700.050, 700.052 and 700.059 are repealed.

SECTION 24. The repeal of ORS 700.050, 700.052 and 700.059 by section 23 of this 2025 Act applies to individuals who submit an application to practice as an environmental health specialist or waste water specialist on or after the effective date of this 2025 Act.

SECTION 25. The amendments to ORS 700.220 by section 18 of this 2025 Act apply to members of the Environmental Health Registration Board appointed on or after the effective date of this 2025 Act.

(5) Misrepresented the scope of laboratory service offered by the clinical laboratory [or the clinical laboratory specialties authorized by the license] or authorized by the certificate.

(6) Rendered a report on clinical laboratory work actually performed in another clinical laboratory without designating the name and address of the clinical laboratory in which the test was performed.

(7) Knowingly had professional connection with or permitted the use of the name of the [licensed] clinical laboratory or its director by a clinical laboratory that is required to but has not obtained a [license] **certificate**.

(8) Failed to perform or cause to be performed within the time specified analysis of test samples [as authorized by ORS 438.320,] or failed to report on the results of such analysis within the specified time.

(9) Failed to permit within a reasonable time the entry or inspection authorized [by ORS 438.310.] **under the certificate**.

[(10) Failed to continue to meet requirements of ORS 438.110 and 438.120.]

[(11)] (10) Violated any provision of ORS 438.010 to 438.510.

SECTION 31. ORS 438.220 is amended to read:

438.220. [Notwithstanding ORS 438.210, a] A person is qualified to act as the laboratory director of the clinical laboratory at any accredited chiropractic college in this state for the benefit of chiropractic patients if that person is a chiropractic physician licensed by the State Board of Chiropractic Examiners, and possesses special qualifications, as determined by the State Board of Chiropractic Examiners, that enable that person to perform as a laboratory director.

SECTION 32. ORS 438.310 is amended to read:

438.310. [(1)] The Oregon Health Authority or its authorized representative may[:]

[(a) At reasonable times enter the premises of a clinical laboratory licensed or subject to being licensed under ORS 438.010 to 438.510 to inspect the facilities, methods, procedures, materials, staff, equipment, laboratory results and records of the clinical laboratory.]

[(b) Require the owner or director to submit reports on the operations and procedures of the laboratory.]

[(c) Require] **require** the owner or director of a clinical laboratory certified under ORS 438.040 to submit initial laboratory findings indicative of communicable disease as defined by law or by rule. Each report shall include the name of the person from whom the specimen was obtained, if the name was reported to the laboratory, and the name and address of the physician for whom such examination or test was made. Such reports shall not be construed as constituting a diagnosis nor shall any laboratory making such report be held liable under the laws of this state for having violated a trust or confidential relationship.

[(2) The Director of the Oregon Health Authority or a designee, the authority, or any employee thereof, shall not disclose information contained in reports on communicable diseases submitted to the authority under subsection (1) of this section except as such information is made available to employees of the authority and to local health officers for purposes of administering the public health laws of this state. However, information contained in such reports may be used in compiling statistical and other data in which persons are not identified by name or otherwise.]

[(3) The authority shall by rule set standards for the recognition of private laboratory accrediting organizations whose standards meet or exceed federal standards. A laboratory that is accredited by a private laboratory accrediting organization recognized by the authority under this section may submit proof of such accreditation to the authority. Upon receipt of such proof, the authority shall issue a license pursuant to ORS 438.130.]

SECTION 33. ORS 438.435 is amended to read:

438.435. [(1) In addition to duties which a clinical laboratory may perform under ORS 438.010 to 438.510, a laboratory is authorized to perform appropriate tests, examinations or analyses on materials derived from the human body for the purpose of detecting substances of abuse in the body. All laboratories performing the tests, examinations or analyses must be licensed under the provisions of ORS 438.010 to 438.510 and must employ qualified technical personnel to perform the tests, examinations and analyses.]

[(2) In order to perform such tests, examinations or analyses, the laboratory may examine specimens submitted by persons other than those described in ORS 438.430 (1) and shall report the result of any test, examination or analysis to the person who submitted the specimen. When the substance of

abuse test is for nonmedical employment or pre-employment purposes, and a written request is provided, the test result shall be reported to the person from whom the specimen was originally obtained.]

[(3) When the specimen of a person tested for substances of abuse is submitted to the laboratory and the test result is positive, the laboratory shall perform a confirming test which has been designated by rule of the Oregon Health Authority as the best available technology for use to determine whether or not the substance of abuse identified by the first test is present in the specimen prior to reporting the test results.]

*[(4) (1) The Oregon Health Authority by rule shall set standards for [special category laboratories] **substances of abuse on-site screening facilities** that engage only in the initial testing for substances of abuse in the body, including [registration procedures for such laboratories and personnel] **application procedures and permit eligibility requirements for a facility to obtain a permit to conduct substances of abuse on-site screening tests.***

*[(5) (2) The operator of a substances of abuse on-site screening facility may use substances of abuse on-site screening tests if the test results are not for use in diagnosing or preventing disease and are not for use by physicians, dentists or other licensed health care professionals in treating humans. Any entity using the test shall pay a yearly filing fee[, not to exceed \$50,] **established by rule by the authority**, and file a [registration] **permit application** form as provided by rule of the authority that:*

(a) States the current name and address of the entity, the telephone number of the entity, if any, and the name of a contact individual at each on-site facility operated by the entity; and

(b) Certifies that:

(A) The tests are being administered according to the federal Food and Drug Administration package insert that accompanies the test;

(B) The tests are being administered according to the instructions of the manufacturer;

(C) Custody chain procedures are being followed;

(D) Operators of the substances of abuse on-site screening facility are trained in the use of the substances of abuse on-site screening tests by the manufacturer; and

*(E) If the substances of abuse on-site screening facility obtains a positive test result on a specimen and the entity indicates that the test result is to be used to deny or deprive any person of employment or any benefit, or may otherwise result in adverse employment action, the same specimen shall be submitted to a clinical laboratory [licensed under ORS 438.110 and 438.150] **certified under ORS 438.040** or an equivalent out-of-state facility and the presence of a substance of abuse confirmed prior to release of the on-site test result.*

*[(6) (3) The authority by rule shall set reasonable standards for [the] **substances of abuse on-site** screening by correctional agencies of adults in custody within state and local correctional facilities and offenders on parole, probation or post-prison supervision for substances of abuse. The standards shall include, but not be limited to, the establishment of written procedures and protocols, the qualifications and training of individuals who perform screening tests, the approval of specific technologies and the minimum requirements for record keeping, quality control and confirmation of positive screening results.*

*[(7) (4) If an initial test by a [special category laboratory under subsection (4) of this section or a special category screening under subsection (6) of this section] **substances of abuse on-site screening facility** shows a result indicating the presence of a substance of abuse in the body, a confirmatory test shall be conducted in a [licensed] clinical laboratory **certified under ORS 438.040** if the results are to be used to deprive or deny any person of any employment or benefit. If a screening test of an adult in custody in a state or local correctional facility is positive for a substance of abuse, the adult in custody may be held in a secure facility pending the outcome of the confirmatory test. If the confirmatory test is positive, the adult in custody may be held in a secure facility pending the outcome of any hearing to determine what action will be taken.*

[(8) (5) If any test for substances of abuse is performed outside this state the results of which are to be used to deprive or deny any person any employment or any benefit, the person desiring

to use the test shall have the burden to show that the testing procedure used meets or exceeds the testing standards of this state.

(6) Notwithstanding the provisions of this section, a clinical laboratory certified under ORS 438.040 may perform substances of abuse on-site screening testing.

SECTION 34. ORS 438.450 is amended to read:

438.450. The Oregon Health Authority shall make such rules as are necessary for carrying out ORS 438.010 to [438.510 in accordance with ORS 183.330.] **438.450.**

(1) A health professional regulatory board with respect to a health care provider under the jurisdiction of the board.

(2) The Oregon Health Authority or the Department of Human Services with regard to health care providers or facilities regulated by the authority or the department and health care providers enrolled in the medical assistance program.

(3) The authority with regard to emergency medical services providers licensed under ORS 682.216 and clinical laboratories [*licensed under ORS 438.110*] **certified under ORS 438.040**.

SECTION 40. ORS 813.160 is amended to read:

813.160. (1) A chemical analysis is valid under ORS 813.300 if:

(a) It is an analysis of a person's blood for alcohol content and is performed in:

(A) A laboratory certified or accredited under 42 C.F.R. part 493 and approved for toxicology testing;

(B) A laboratory [*licensed under ORS 438.110*] **certified under ORS 438.040** and approved for toxicology testing; or

(C) A forensic laboratory established by the Department of State Police under ORS 181A.150 that is accredited by a national forensic accrediting organization.

(b) It is an analysis of a person's breath and is performed by an individual possessing a valid permit to perform chemical analyses issued by the Department of State Police and is performed according to methods approved by the Department of State Police. For purposes of this paragraph, the Department of State Police shall do all of the following:

(A) Approve methods of performing chemical analyses of a person's breath.

(B) Prepare manuals and conduct courses throughout the state for the training of police officers in chemical analyses of a person's breath, which courses shall include, but are not limited to, approved methods of chemical analyses, use of approved equipment and interpretation of test results together with a written examination on these subjects.

(C) Test and certify the accuracy of equipment to be used by police officers for chemical analyses of a person's breath before regular use of the equipment and periodically thereafter at intervals of not more than 90 days. Tests and certification required by this subparagraph must be conducted by trained technicians. Certification under this subparagraph does not require a signed document.

(D) Ascertain the qualifications and competence of individuals to conduct chemical analyses in accordance with one or more methods approved by the department.

(E) Issue permits to individuals according to their qualifications. Permits may be issued to police officers only upon satisfactory completion of the prescribed training course and written examination. A permit must state the methods and equipment that the police officer is qualified to use. Permits are subject to termination or revocation at the discretion of the Department of State Police.

(2) In conducting a chemical test of the blood, only a duly licensed physician or a person acting under the direction or control of a duly licensed physician may withdraw blood or pierce human tissue. A licensed physician, or a qualified person acting under the direction or control of a duly licensed physician, is not civilly liable for withdrawing any bodily substance, in a medically acceptable manner, at the request of a peace officer.

(3) An individual who performs a chemical analysis of breath or blood under ORS 813.100 or 813.140 shall prepare and sign a written report of the findings of the test that must include the identification of the police officer upon whose request the test was administered.

(4) Any individual having custody of the report mentioned in subsection (3) of this section shall, upon request of the person tested, furnish that person or that person's attorney, a copy of the report.

(5) The expense of conducting a chemical test as provided by ORS 813.100 or 813.140 must be paid by the governmental unit on whose equipment the test is conducted or by the governmental unit upon whose request the test was administered if no governmental unit's equipment is used to conduct the test.

SECTION 41. ORS 830.535 is amended to read:

830.535. (1) A chemical analysis is valid under ORS 830.505, 830.520 or 830.525 if:

(a) It is an analysis of a person's blood for alcohol content and is performed in:

(A) A laboratory certified or accredited under 42 C.F.R. part 493 and approved for toxicology testing;

(B) A laboratory [*licensed under ORS 438.110*] **certified under ORS 438.040** and approved for toxicology testing; or

(C) A forensic laboratory established by the Department of State Police under ORS 181A.150 that is accredited by a national forensic accrediting organization.

(b) It is an analysis of a person's breath and is performed by an individual possessing a valid permit to perform chemical analyses issued by the Department of State Police under ORS 813.160 or by the State Marine Board under the provisions of this section. Chemical analyses must be performed according to methods approved by the Department of State Police under ORS 813.160 or approved by the board under this section. For purposes of this section, the board shall do all of the following:

(A) Approve methods of performing chemical analyses of a person's breath.

(B) Prepare manuals and conduct courses throughout the state for the training of peace officers in chemical analyses of a person's breath, which courses shall include, but are not limited to, approved methods of chemical analyses, use of approved equipment and interpretation of test results together with a written examination on these subjects.

(C) Test and certify the accuracy of equipment to be used by peace officers for chemical analyses of a person's breath before regular use of the equipment and periodically thereafter at intervals of not more than 90 days. Tests and certification required by this subparagraph must be conducted by trained technicians.

(D) Ascertain the qualifications and competence of individuals to conduct chemical analyses in accordance with one or more methods approved by the board or by the Department of State Police under ORS 813.160.

(E) Issue permits to individuals according to their qualifications. Permits may be issued to peace officers only upon satisfactory completion of the prescribed training course and written examination. A permit must state the methods and equipment that the peace officer is qualified to use. Permits are subject to termination or revocation at the discretion of the board.

(2) In conducting a chemical test of the blood, only a duly licensed physician or a person acting under the direction or control of a duly licensed physician may withdraw blood or pierce human tissue. A licensed physician, or a qualified person acting under the direction or control of a duly licensed physician, is not civilly liable for withdrawing any bodily substance, in a medically acceptable manner, at the request of a peace officer.

(3) An individual who performs a chemical analysis of breath or blood under ORS 830.505, 830.520 or 830.525 shall prepare and sign a written report of the findings of the test. A test administered at the request of a peace officer must include the identification of the peace officer upon whose request the test was administered.

(4) Any individual having custody of the report mentioned in subsection (3) of this section shall, upon request of the person tested, furnish a copy of the report to that person or that person's attorney.

(5) The expense of conducting a chemical test as provided by ORS 830.505 or 830.520 must be paid by the governmental units on whose equipment the test is conducted or by the governmental units upon whose request the test was administered if no governmental unit's equipment is used to conduct the test.

SCHOOL-BASED HEALTH CENTERS

SECTION 42. ORS 413.223 is amended to read:

413.223. The division of the Oregon Health Authority that is charged with public health functions:

(1) Shall develop and continuously refine a system of care that:

(a) Meets the developmental needs of adolescents;

(b) Promotes evidence-based practices for children; and

(c) Prioritizes public health through activities such as:

(A) Establishing certification and performance standards;

(B) Collecting and analyzing clinical data;

- (C) Conducting ongoing assessments and special studies; and
- (D) Defining a statewide planning and development process.

(2) Shall adopt by rule the procedures and criteria for the certification, suspension and decertification of school-based health centers. The procedures must allow certified school-based health centers a reasonable period of time to cure any defects in compliance prior to the suspension or decertification of the school-based health center.

(3) Shall convene work groups to recommend best practices for school-based health centers with respect to electronic health records, billing, joint purchasing, business models and patient centered primary care home identification.

(4)(a) May, in addition to the duties described in subsection (1) of this section, enter into [*a contract with an entity that coordinates the efforts of school-based health centers*] **contracts with entities** for the purpose of providing assistance to school-based health centers that receive grant moneys under ORS 413.225.

(b) A contract entered into under this subsection must require the entity to:

(A) Provide technical assistance and community-specific ongoing training to school-based health centers, school districts and education service districts;

(B) Assist school-based health centers in improving business practices, including practices related to billing and efficiencies;

(C) Assist school-based health centers in expanding their relationships with coordinated care organizations, sponsors of medical care for school-age children and other community-based providers of school-based health and mental health services; and

(D) Facilitate the integration of health and education policies and programs at the local level so that school-based health centers operate in an optimal environment.

SECTION 43. ORS 413.225 is amended to read:

413.225. (1) As used in this section:

(a) "Community health center or safety net clinic" means a nonprofit medical clinic or school-based health center that provides primary physical health, vision, dental or mental health services to low-income patients without charge or using a sliding scale based on the income of the patient.

(b) "School-based health center" means a health clinic that:

(A) Is located on the grounds of a school in a school district or on the grounds of a school operated by a federally recognized Indian tribe or tribal organization;

(B) Is organized through collaboration among **youth**, schools, communities and health providers, including public health authorities;

(C) Is administered by a county, state, federal or private organization that ensures that certification requirements are met and provides project funding through grants, contracts, billing or other sources of funds;

(D) Is operated exclusively for the purpose of providing health services such as:

(i) Primary care;

(ii) Preventive health care;

(iii) Management and monitoring of chronic health conditions;

(iv) Behavioral health care;

(v) Oral health care;

(vi) Health education services; and

(vii) The administration of vaccines recommended by the Centers for Disease Control and Prevention;

(E) Provides health services to children and adolescents by licensed or certified health professionals; and

(F) May provide one or more health services to children and adolescents by:

(i) A student enrolled in a professional medical, nursing or dental program at an accredited university if the health service is within the student's field of study and training; or

(ii) An expanded practice dental hygienist holding a permit issued under ORS 680.200 for oral health care.

(2)(a) The Oregon Health Authority shall award grants to community health centers or safety net clinics, including school-based health centers, to ensure the capacity of each grantee to provide health care services to underserved or vulnerable populations.

(b) The authority shall work with the Centers for Medicare and Medicaid Services and stakeholders to identify additional sources of funding for school-based health center expenditures for which federal financial participation is available under Title XIX or Title XXI of the Social Security Act.

(3) The authority shall provide outreach for the Cover All People program, including development and administration of an application assistance program, and including grants to provide funding to organizations and local groups for outreach and enrollment activities for the program, within the limits of funds provided by the Legislative Assembly for this purpose.

(4) The authority shall, using funds allocated by the Legislative Assembly:

(a) Provide funds for the expansion and continuation of school-based health centers that are operating on July 29, 2013, and that become certified under ORS 413.223;

(b) Direct funds to communities with certified school-based health centers and to communities planning for certified school-based health centers; and

(c) Create a pool of funds available to provide financial incentives to:

(A) Increase the number of school-based health centers identified as patient centered primary care homes without requiring school-based health centers to be identified as patient centered primary care homes;

(B) Improve the coordination of the care of patients served by coordinated care organizations and school-based health centers; and

(C) Improve the effectiveness of the delivery of health services through school-based health centers to children who qualify for medical assistance.

(5) The authority shall by rule adopt criteria for awarding grants and providing funds in accordance with this section.

(6) The authority shall analyze and evaluate the implementation of the Cover All People program.
