

Senate Bill 994

Sponsored by Senator SMITH DB

SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure **as introduced**. The statement includes a measure digest written in compliance with applicable readability standards.

Digest: Allows the siting of a power plant that uses one or more small modular reactors. Exempts the siting from the law that requires approval from the electors of this state. (Flesch Readability Score: 67.5).

Allows the siting and operation of a small modular reactor energy facility without requiring that the proposed site certificate for the small modular reactor energy facility be submitted to the electors of this state for their approval or rejection.
