

HB 2152-2
(LC 2822)
3/28/25 (STN/ps)

Requested by Representative TRAN

**PROPOSED AMENDMENTS TO
HOUSE BILL 2152**

1 On page 1 of the printed bill, delete lines 4 through 25 and insert:

2 **“SECTION 1. (1) The State Department of Energy, in cooperation**
3 **with the Department of Environmental Quality, the Department of**
4 **Land Conservation and Development and the Labor Education and**
5 **Research Center at the University of Oregon, shall develop an action**
6 **plan, to be known as the Statewide Geographic Diversity of Fueling**
7 **Stations for Disaster Reserves Priority Action Plan.**

8 **“(2) The action plan shall be based on the 2024 Oregon Energy Se-**
9 **curity Plan, and any subsequent updates to the security plan, and in-**
10 **clude:**

11 **“(a) Strategies to increase the geographic diversity of liquid fuel**
12 **storage by region in Oregon;**

13 **“(b) Strategies to improve statewide liquid fuel reserves to support**
14 **response and recovery activities;**

15 **“(c) A prioritized list of locations for expanding storage capacity at**
16 **existing fuel storage sites or developing fuel storage capacity at sites**
17 **where there is not currently fuel storage;**

18 **“(d) Strategies and policies to maintain a skilled and trained fuel**
19 **storage emergency response, operation, maintenance and construction**
20 **workforce, including strategies and policies for worker training,**
21 **worker health and safety, living or prevailing wages and family health**

1 and retirement benefits;

2 “(e) A workforce transition plan for fuel storage workers that in-
3 cludes strategies and policies for worker and family protection, pro-
4 moting family wage jobs and worker benefits, worker retraining, wage
5 supplements and retirement benefits; and

6 “(f) Formal consultation with federally recognized Indian tribes
7 when selecting new or expanded disaster fuel storage.

8 “(3) The action plan must take into account:

9 “(a) Any negative impacts on the environmental health of commu-
10 nities in areas identified for new or expanded fuel storage capacity,
11 including, but not limited to, any negative effects on federally recog-
12 nized Indian tribes;

13 “(b) The potential for reliance on fossil fuels to decline and the
14 impact on the action plan resulting from that decline; and

15 “(c) The impacts of declining reliance on fossil fuels on workers.

16 “(4) Upon completion of the action plan, the State Department of
17 Energy may, subject to available funding, take any actions within the
18 authority of the department necessary to implement the action plan.

19 “(5) The department shall review and update the action plan no less
20 than once every five years.”.
