

SB 28-1
(LC 759)
4/3/25 (EKJ/ps)

Requested by Senator REYNOLDS

**PROPOSED AMENDMENTS TO
SENATE BILL 28**

1 In line 2 of the printed bill, after “care” insert “; creating new provisions;
2 amending ORS 750.055 and 750.333; and declaring an emergency”.

3 After line 2 insert:

4 “Whereas independent primary care practices are disappearing because
5 they lack the negotiating leverage of large hospital-based health systems; and

6 “Whereas hospital systems leverage their market power to obtain signif-
7 icantly higher reimbursement rates than independent primary care providers
8 for identical services; and

9 “Whereas research published in Health Services Research indicated that,
10 by 2016, hospital outpatient settings received payments approximately 99
11 percent higher than independent physician offices for identical services, re-
12 sulting in substantial payment disparities even for common procedures; and

13 “Whereas the Congressional Budget Office, in a 2022 report, reiterated
14 that price differential; and

15 “Whereas a report by Brown University’s School of Public Health found
16 hospital outpatient facilities charged significantly more for routine medical
17 care compared to independent practices, further highlighting the disparity in
18 reimbursement rates; and

19 “Whereas the payment disparity between independent and hospital-
20 affiliated primary care providers is unfair and harms patient access, choice,
21 and affordability of health care; and

1 “Whereas in the past, hospitals and health systems might have argued it
2 was unfair to disclose reimbursement rates publicly or to government au-
3 thorities, the Hospital Price Transparency Final Rule, implemented under
4 the authority of the Affordable Care Act and reinforced by the Transparency
5 in Coverage Rule, already mandates this disclosure, rendering such ob-
6 jections no longer relevant; now, therefore,”.
