15 **WILDFIRE MITIGATION AND SUPPRESSION**
16

17 **“SECTION 5b.** ORS 321.011 is amended to read:

18 “321.011. The prevention and suppression of, **and preparedness for**, for-
19 est fires on forestlands for the preservation of forest resources and the con-
20 tinuous growth of timber on lands suitable therefor, are declared to be the
21 public policy of the State of Oregon. The Legislative Assembly recognizes
22 that:

23 “(1) The forested areas situated within eastern Oregon predominate in
24 Ponderosa pine trees and associated species, and that the forested areas sit-
25 uated within western Oregon predominate in Douglas fir and associated
26 species;

27 “(2) Because of this difference in species, different forest fire protection
28 problems exist in eastern and western Oregon, and different logging condi-
29 tions and circumstances in each necessitate varied forest practices in the
30 disposal of forest slashings and debris; and

1 “(3) Therefore, in order to give recognition to such differences and their
2 effect on the accomplishment of the public policy stated in this section, cer-
3 tain classifications of forestlands within the State of Oregon are established
4 by ORS 321.005 to 321.185 and 321.560 to 321.600.

5 **“SECTION 5c.** ORS 321.012 is amended to read:

6 “321.012. The Legislative Assembly finds that it is in the interest of the
7 State of Oregon that the public as a whole share responsibility for protecting
8 the forests of this state, by making funds available [*from time to time*] for
9 suppression of fires [*caused by the public*].

10 **“SECTION 6.** ORS 321.015 is amended to read:

11 “321.015. (1) For the calendar years beginning January 1, 2024, and Janu-
12 ary 1, 2025, there is levied a privilege tax of 90.00 cents per thousand feet,
13 board measure, upon taxpayers for the privilege of harvesting of all
14 merchantable forest products harvested on forestlands. Subject to ORS
15 321.145, the proceeds of the tax shall be transferred as provided in ORS
16 321.152 (2) to the Forest Research and Experiment Account for use for the
17 forest resource research, experimentation and studies described in ORS
18 526.215 and for the Forest Research Laboratory established under ORS
19 526.225.

20 “(2)(a) [*Except as provided in ORS 477.760,*] In addition to the tax levied
21 by subsection (1) of this section, there is levied a forest products harvest tax
22 upon taxpayers of [*62.5 cents*] **one dollar** per thousand feet, board measure,
23 for the privilege of harvesting all merchantable forest products harvested on
24 forestlands for the payment of benefits related to fire suppression as provided
25 in ORS 321.005 to 321.185, 321.560 to 321.600 and 477.440 to 477.460.

26 **“(b)(A) The rate set under paragraph (a) of this subsection for any**
27 **calendar year shall be adjusted by the percentage, if any, by which the**
28 **monthly averaged Consumer Price Index for All Urban Consumers,**
29 **West Region (All Items) for the 12 consecutive months ending August**
30 **31 of the prior calendar year exceeds the monthly averaged index for**

1 **the 12 consecutive months ending August 31, 2024.**

2 **“(B) The adjusted rate computed under subparagraph (A) of this**
3 **paragraph shall be rounded to the nearest one-tenth of a cent.**

4 “(3) For the calendar years beginning January 1, 2024, and January 1,
5 2025, in addition to the taxes levied under subsections (1) and (2) of this
6 section, there is levied a privilege tax upon taxpayers for the privilege of
7 harvesting all merchantable forest products harvested on forestlands in the
8 amount of 253.46 cents per thousand feet, board measure, for the purpose of
9 administering the Oregon Forest Practices Act in an amount not to exceed
10 40 percent of the total expenditures approved by the Legislative Assembly for
11 this purpose, including salary adjustments approved by the Legislative As-
12 sembly for fiscal years 2024 and 2025.

13 “(4) For the calendar years beginning January 1, 2024, and January 1,
14 2025, in addition to the taxes levied by subsections (1) to (3) of this section,
15 there is levied a privilege tax of 21 cents per thousand feet, board measure,
16 upon taxpayers for the privilege of harvesting all merchantable forest pro-
17 ducts harvested on forestlands. Subject to ORS 321.145, the proceeds of the
18 tax shall be transferred as provided in ORS 321.152 (5) to the subaccount
19 established pursuant to ORS 350.520 for use by Oregon State University for
20 the purpose of making investments in professional forestry education at the
21 College of Forestry.

22 “(5) Subject to subsection (6) of this section, the taxes shall be measured
23 by and be applicable to each per thousand feet, board measure, on the total
24 quantity of forest products harvested in this state measured by use of any
25 log scale which is or may be in general use in the logging industry and
26 which is designed to measure total volume of merchantable forest products
27 in board feet. However, if the Department of Revenue finds that the scale
28 used by any taxpayer in computing the taxes due under ORS 321.005 to
29 321.185 and 321.560 to 321.600 does not accurately reflect the total quantity
30 of merchantable forest products harvested by the taxpayer, it may require the

1 taxpayer to adopt another log scale in general use in the industry which in
2 the department's opinion will accurately reflect merchantable harvest in
3 board feet.

4 “(6) The first 25,000 feet, board measure, of forest products harvested an-
5 nually by any taxpayer during each calendar year shall be excluded from the
6 total quantity of harvested forest products that constitutes the measure of
7 the taxes under ORS 321.005 to 321.185 and 321.560 to 321.600.

8 “(7)(a) Not later than March 10 of each odd-numbered year, the Legisla-
9 tive Assembly shall begin considering the biennial forest products harvest
10 tax rates levied under subsections (1), (3) and (4) of this section.

11 “(b) Upon request of the Legislative Revenue Officer or the Legislative
12 Fiscal Officer, the State Forestry Department shall provide the respective
13 officers with relevant timber harvest data for the purposes of paragraph (a)
14 of this subsection.
