

Submitter: Mary McIntyre  
On Behalf Of: My horses  
Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water  
Measure, Appointment or Topic: HB2167

Having a veterinary school with a working hospital has increased the well being of my own animals and many animals around us in the equine world.

The veterinary school provided a way for my horses to get better quality dental care. Helped my husbands horse with Asthma diagnoses and care after the fires and was central in diagnosing our older horses lameness issue.

They not only diagnose and treat but educate and work with the owners for better outcomes.

Thank You guys for all your hard work
