On Behalf Of: Mr Oregon OPPOSES SB 452
Committee: Senate Committee On Human Services
Measure, Appointment or Topic: SB452

I OPPOSE [SB 452] with Extreme Prejudice!

[SB 452] is objectionable for it is vague and ambiguous as to the "capital expansion project."

[SB 452] will increase the responsibilities of the Department of Human Services requiring expansion of administrative overheads and personnel. DHS budget costs incurred with [SB 452] are not discussed and will increase the size and cost of State government to taxpayers.

[\$6 million dollars] from the GENERAL FUND for [Marion-Polk Food Share Inc.] for a "capital expansion project" that has not been identified and or described?

[Marion-Polk Food Share Inc.] is a domestic; Non-profit Public Benefit Organization who has successfully locked onto Public funding in the past and appears to be on the road to obtaining more taxpayer dollars to fund a "capital expansion project" without having to explain, in detail, to the taxpayers, just what the "capital expansion project" entails.

Is [Marion-Polk Food Share Inc.], obligated by statute, to produce documents flowing from Public Record Requests for accepting all public funding?

David S. Wall

Mr. Oregon Concurr and says, "Add my Extreme Prejudice too, along with a raised solitary middle finger from both hands towards [SB 452] and its authors.

...Apply the [\$6 million dollars] from the GENERAL FUND to the Oregon Department of Transportation (ODOT), to facilitate the much-needed expansion of the Bypass Transportation Project, linking Portland and Multnomah County to the Coastal Counties and vice-versa. Thereby reducing hunger by creation of expanded Economic Development (jobs, food production, and lower inflation), affordable housing and climate protections.

...and give many an overdue Thank-you to the Yamhill County Parkway Committee for their selfless, undying efforts in the aforementioned Transportation Project."
