This bill, if passed, will must certainly trigger a lawsuit. Please don't waste our tax money on going against God and His people. In the end, you will lose!

If the people vote for vouchers, then let them spend their vouchers the way they choose. Stop telling parents how to bring up their kids. Based on your track record in the public schools, you are clearly not an expert and, worse, you have failed thousands of kids by limiting their future by putting your public school policies and agendas into their minds and thus removing their hope (on God and themselves). This is why parents are taking their kids out of public schools by the droves!
