OSS has been part of our family for a few years now. My Kids look forward to camp every summer. At camp the kids make life long friends and memories that last forever. So when we leave Camp at the end of the week we are not sure if we will be back next summer because of funding . It's sad because these kids look forward to this every year . They are around other kids who has some kind of affiliation with the military such as moving to different schools every few years, parents that are deployed or even some of the parents that NEVER came home. I really hope that this BILL could pass and help us with funding so THESE kids can continue to go to camp EVERY year . When my kids went to camp for the very first time it was scary as they have never been to a camp . But When I picked them up from camp , all they could talk about is how they cant wait to come back. how its nice to be around other kids who understand what its its like for a parent to be in the military. So please help us KEEP THIS OSS going for years to come.
