Measure, Appointment or Topic: HB2805

Dear Representatives,

In the state of the economy and status of inflation, I find it literally appalling that this bill is being even being proposed, let alone as "PERMANENT", allowing annual increases of up to 3% on the licensing for food establishments. This is assuming that inflation will increase by at least 3% each year?

I implore you to have mercy on the businesses in this state and vote NO on any increases this year.

If you value being re-elected, I implore you to NOT raise taxes or fees on small business in this state.

Respectfully.
